("GPMI") and Lukoil Americas Corp ("LAC") submit this Declaration disclosing certain information regarding properties and underground storage tanks selected as "discovery" or "focus" sites in the above captioned matter.

2. I am authorized to make this declaration on behalf of GPMI. Some of the facts set forth in this Declaration have been assembled from facts and information contained in GPMI's records. To the best of my knowledge, information and belief and on the basis of reasonable inquiry, the information contained herein is correct.

3. GPMI was organized and incorporated in Maryland on October 1, 1996, and first began operations in March 1997. GPMI has been a wholly owned subsidiary of LAC since November of 2000. GPMI never manufactured, sold, stored or purchased pure or neat MTBE, or otherwise blended or introduced MTBE into gasoline except during a portion of the calendar year 2005, at which time GPMI briefly manufactured a minimal amount of gasoline containing MTBE. The last

gasoline containing MTBE was sold by GPMI in or about June 2006. Accordingly, these responses cover the period March 1997 through 2006 (the "relevant period").
